Patty,

I am open on the 28th (I may have a conference call at 2pm, but I can get the time changed. I have a conflict the afternoon of the 27th, but only have a Division Staff meeting that morning (that I am eager to have an excuse to get out of).

All,

I would like to have another FYR team meeting on Monday, February 27 or Tuesday, February 28. The purpose of the meeting is to go over your initial comments/thoughts on the report and appendices sent to you yesterday (or this morning) and to present a summary of the radiological risk review. Note that the files sent to you yesterday do not contain any discussion of radiological risk, since we are still working through the calculations.

Please let me know if Monday or Tuesday works better for you – thanks.
